### Police After Revolutionary Documents

### COSSACKS HAVE DISPERSED

Bakery Strikers in St. Petersburg—Marriage of Nicholas, Cousin of Emperor—Russian Social Democrats Open London Congress.

St. Petersburg, May 14.—Cossacks Sunday dispersed a meeting of bakery strikers, and many persons were injured. The police of Kiev Sunday carried out an unexampled series of domiciliary searches. Six hundred houses were entered. It is understood the authorities sought the whereabouts of important Social revolutionary printed matter.

**Warsaw Police Release American**  
The naturalized American citizen named Dombrowski, who was in custody in Warsaw, was released yesterday without trial and without any explanation being furnished of the reason for his imprisonment. Dombrowski was arrested last month by the authorities of Lublin, and after being taken to Warsaw was confined there in the prison for suspects. The authorities of Warsaw expressed the opinion that he had been conducting a political agitation and promised to investigate the matter. Otherwise nothing was known of the charge against the man, whose occupation was not known. When arrested Dombrowski had in his possession a passport issued in Washington during the year 1904.

### PLOT AGAINST CZAR

Eighty Terrorists Have Pledged Themselves to Kill Him.  
London, May 14.—A despatch to the Daily Telegraph from St. Petersburg says that it appears that the terrorists are conscious that Skolypin's cabinet and the emperor himself have definitely resolved to suppress representative institutions on the Russian nation and are aware that, in that case, the ground would then be cut from under their feet. So the party resolved two months ago to resort to

regicide, plunge Russia into chaos and perhaps force the government to return to an autocratic regime. Eighty conspirators, who act their lives at naught, recently agreed to perpetrate the nefarious deed or die in the attempt. Fewer than eighty could hardly hope to succeed, owing to the admirable precautions now taken in guarding the Czar at CzarskoeSelo.

### PLOT TO KILL THE CZAR NOT KNOWN IN RUSSIA.

Story Circulated in London Not Confirmed in St. Petersburg.  
St. Petersburg, May 14.—Arrests of small groups of revolutionists and terrorists are of almost daily occurrence, but nothing is obtainable at the prefecture of police or in revolutionary circles tending to confirm the statement published by the London Daily Telegraph today that an extensive plot to kill Emperor Nicholas has been discovered here. The published report says the discovery resulted in the arrest of eighty conspirators, including army reserve officers and other officials and civilians.

### WHEAT SOARS TO \$1.03; FORTUNES LOST IN PIT

Big Brokerage Houses Imperilled By Speculative Bull Drive in Chicago.  
Chicago, May 14.—Millions were lost in wheat yesterday. The wildest panic which has shaken the board of trade since the latter corner ten years ago came when wheat passed the dollar mark. Scenes of tumult followed the opening of the market.

Prices in a wheat options went up by leaps and bounds. December wheat advanced eight cents in half an hour, and cash wheat was five cents higher at one time than the close of Saturday.

The panic was forecasted in the opening prices in European markets, where big gains over Saturday's quotations were shown. The December option continued its upward flight until it hit \$1.03 shortly before noon. Then it sagged to 99 1/2, and July dropped to 96. May sold at 93 1/2. The excitement had in no way subsided and the reaction was only due to natural cessation of buying by the brokers. Advances from Liverpool showed an advance of 4 1/2 cents on the morning.

### TO PROSECUTE VIOLATORS OF PURE FOOD LAW

Federal Inspectors to Begin Buying Samples on June 1.  
Washington, May 14.—Within a few weeks the department of agriculture will undertake the actual enforcement of the penal features of the pure food and drugs act.

Fourteen special inspectors on June 1 will begin to ferret out violations of the pure food law all over the United States. They will be assigned districts and will go into the open market buying samples of all articles which come under the scope of the law. These samples will be forwarded to the government chemical laboratories to be examined, and if they are found to be adulterated, or misbranded the department of justice will be given information on which to prosecute.

### BADLY BITTEN BY LIONS IN ANIMAL TRAIN WRECK

One Man Killed and Other Attendants Are Injured.  
Chattanooga, May 14.—A special train, carrying the paraphernalia of the Parker Carnival company, was wrecked on the Central of Georgia R. R. at Rome Ga., late Sunday, and T. B. Hadden of Florida, an employee of the carnival company, was killed, and four cars containing animal cages were derailed. Several attendants, while trying to prevent two lions from escaping from the battered cages, were badly bitten and scratched.

### EIG BATTLE REPORTED IN MOROCCO; SULTAN WINS.

200 of The Pretender's Men Taken Prisoners, Rumor Says.  
Mellila, Morocco, May 14.—It is rumored here that the army of the sultan has won a victory over the forces of the pretender near Marchia. The casualties on both sides are reported to be heavy, and the government troops are said to have captured two hundred prisoners.

## TILLMAN SEES ONLY BRYAN

### No Other Man for Democrats to Nominate

### FOR VICE PRESIDENT

He Opposes Obsolete Millionaires—Thinks Southern Should Be the Candidate—Sees Little Progress in Booms of Republicans.

Augusta, Ga., May 14.—"It looks to me," said Senator Tillman of South Carolina, "as if the Democrats will have to nominate Bryan for President next year. He seems to be the only logical man. He will have as running mate some substantial Southern man, probably Culberson of Texas, Hoke Smith of Georgia or Daniel of Virginia. If a Southerner is not placed on the ticket the field will be split. It is a pity that we cannot have a Southern man first on the ticket, but the conservative Democracy of the South understands that sectional prejudice has not ceased to be a dangerous element."

"It is for the Democratic party to stop running obsolete millionaires for Vice-President, especially when they have nothing but money to recommend them. I refer to Sewell, who ran with Bryan the first time, Henry Gasaway Davis, who ran with Parker. Mr. Bryan is a clean and able man and has the confidence of the people, although I do not sympathize with his theory of Government ownership. I can see no man in the ranks of the Northern Democrats looming up as a presidential possibility. The trouble with most of the Northern Democrats is that they have become ward heeled. Joe Bailey has been spoken of in connection with the presidency, but he is down and out so far as politics is concerned. I do not believe that the charges made against him in connection with the Standard Oil company are true, but they have had certain effect with the general public. Bailey got into bad company and was found out."

"Mr. Roosevelt is very anxious to be President again and will be a candidate if he can so manipulate the situation as to make the proposition come in accordance with his ideas as to show it should be brought about. But he won't get the nomination if the Republican politicians can prevent it. The Taft boom seems to have sprung jointly between the White House and Ohio. So far as I am able to observe, it has not gone much farther, either. I might say that the Foraker boom has not made so very much progress."

"Vice-President Fairbanks should not be overlooked as a presidential possibility on the Republican platform. He of Hughes' boom."

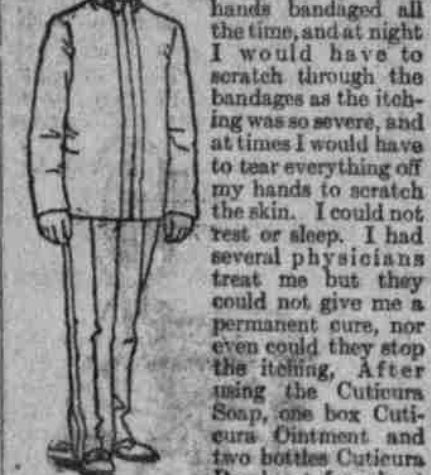

"I had much rather see the Negro

## FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

### CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment, and two bottles Cuticura Resolvent for about

six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Wessell, Band 30th, U. S. Infantry, Fort Crook, Nebraska.

The most torturing and disfiguring humors, eczema, rashes, itching, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

## AN OLD-TIME HITTING GAME

### Indulged in By Pittsburg and Boston Nationals

### PIRATES WERE WINNERS

Boston Americans Also Went Down to Defeat Before Detroit by the Score of 4 to 1, Mainly Because of Tigers' Superior Hitting.

The Pittsburg Pirates went to Boston yesterday and Tenney's men were the victims of the crew. It looked at first as if the Pirates were going to eat up the puny Bostonians, but the latter braced up toward the end of the game and there was a fairly good finish, the score being 14 to 11, one of those old-fashioned slug-ging matches. Each team made 16 hits. The Giants shut out Cincinnati, 1 to 0. The Trolley-dodgers were still easy. St. Louis being the winner. Between Chicago and Philadelphia there was little to choose, the former outbattling and out-fielding them and winning 5 to 2.

The Boston Americans also went up against a snag in the shape of the Detroit bunch and lost by the score of 4 to 1. Cleveland made only one score against New York, while the latter was making seven. Chicago got but one off the Athletics, and the Philadelphia men got nine. The other game was between Washington and St. Louis, with the honors with the latter, 5 to 4.

### EASY FOR CRESCENTS.

Defeated the "Spotted Jacket" Team Last Evening By 9 to 0.

The Crescent ball team opened their season yesterday afternoon by defeating the "Spotted Jacket" on the trotting park by the score of 9 to 0. The game was called at the end of the sixth inning on account of darkness. The Crescent started scoring in the first inning, the first three men up scoring, and the next three were retired in order. They scored one more in the second; three in the third, and one in the fourth and one in the sixth. The "Spotted Jacket" were able to get to third twice but were put out by the catcher when trying to get home.

Lack of practice was evident on both sides, especially on the part of the "Spotted Jacket", who made six errors during the game, while the Crescent made only one.

Dickie, the Crescent's pitcher, was quite strong in the box, striking out eight men, while Halvosa, for the "Spotted Jacket", struck out four.

### JUSTICE HARLAN WINS GAME.

Judge, Aged 74, Makes Home Run For His Team.

Washington, May 14.—Justice Harlan of the United States supreme court, aged seventy-four, made a home run and won the game in a baseball contest at the annual chad bake given by the Washington Bar association at Marshall Hall, Md.

### COURT GRANTS DELAY IN SUIT OVER MRS. EDDY.

Fifteen Days Given to Plaintiffs in Action Brought by "Next Friends."

Concord, N. H., May 14.—A motion for additional time was granted counsel for the plaintiffs, in the suit brought by the "Next friends" of Mrs. Mary Baker G. Eddy, for an accounting of the property of the Christian Science leader in the Merrimack county superior court yesterday by Judge Chamberlain. The motion requested fifteen days additional time for filing of supplemental pleadings after the decision of the court is rendered on the petition of Mrs. Eddy's three trustees, Henry M. Baker, Archibald McLeellan and Josiah E. Fernald, that they be substituted for the "Next friends" as plaintiffs in the suit.

## I STOP PAIN IN TWO MINUTES

BY THE WATCH, IN MANY INSTANCES, AS ACTUALLY SWORN TO BY PATIENTS.

## MY DYSPEPSIA BISCUIT HITS THE SPOT

When Stomach Pains Double You Up Like a Jackknife, and It Does Business Right Away. Stomach, Liver and Bowel Sufferers, Listen to Me; No Starvation Diet. Eat My Biscuit, Then Have One More Good Dinner.

## WON'T YOU EAT WITH ME TOMORROW?

Have a Biscuit Banquet at My Expense—a Biscuit With a History; Takes Seven Thousand Pound Pressure to Condense It; a Pound of Raw Material to Produce Each One; Tastes Good; Does Good.

I take my own treatment. It cured me after I suffered 20 years and took enough pills, tablets, patent medicines and predigested foods to fill a barrel. My Biscuit does business in two minutes by the watch; yet it's made from fruits, grain and vegetable products, combined with proper blending agents, so that it's acceptable to the most delicate stomach. It doesn't interfere with your doctor's treatment, nor anything else you may be taking.

I absolutely guarantee it contains no opium, morphine, cocaine, nor any other narcotic drug, or forfeit \$1,000 in gold.

You don't understand it? Well, to be frank with you, I don't either. But after a long series of costly experiments, I finally "hit upon an idea" and made a condensed biscuit that I thought might help me, and it did; it cured me; it cured others, too. What's more, it cured some diseases it wasn't made to cure.

A accidentally produced something that far transcended my own knowledge and intention—a good deal like Columbus, when he started out for the East Indies and discovered America.

I have studied medicine, chemistry and science. I am an author of school books; have delivered scientific lectures before medical schools, colleges and universities; and am supposed to know a thing or two about what kind of remedies cure; but I can't explain the Biscuit; some of the cures it performs are beyond me, and I can't find any one else who can explain it to my satisfaction, either.

Of course, the Biscuit contains concentrated pineapple and pineapple has a long family history, going back 100 years or so, as being good for the digestion. Then there's the paw-paw, the fruit of the tropical melon tree; it looks like a cantaloup and tastes like one, but it grows on a tree. The natives eat it when the stomach's too weak for anything else. It's good food, though, any time—all the time. It's in the Biscuit. You have heard your mother say figs were the best for the bowels, well, they are there, condensed and compressed, seeds and all. The little seeds are harmless, but they help do the business.

Your grandmother, always, told you celery was good for the nerves; well, it's in the Biscuit. Then there are things to wake up the liver and bowels, and thereby help the kidneys a little too, and so on. But when you sit down and add up all the different things the Biscuit

### WHITE HOUSE CONFERENCE OVER FORAKER'S DEFIANCE.

Ohio Senator's Declaration That He'll Keep on Fighting Stirs Things Up.

Washington, May 14.—The defiant utterances of Senator Foraker in declaring he is through with compromise efforts in Ohio and will not accept as binding any action of the conference at Columbus has turned political calculations and conditions topsyturvy. Foraker is thoroughly aroused over the attempts certain of Taft's friends are making to kill him politically, and is prepared to fight to a finish. Undoubtedly further efforts at conciliation will still be made by some of the Ohio leaders, but the indications are a contest will result that will make it impossible for Taft to get the solid Ohio delegation. Foraker's friends say it will be impossible for Taft to get the entire Ohio delegation with Foraker opposing it.

### NO FEAR OF INDIAN TROOPS.

Kitchener Says They Are Free From Sedition.

Simla, May 14.—Lord Kitchener, commander-in-chief of the British forces in India, says there is no fear that the sedition movement in India has effected the native troops.

### NINETY DEAD IN MINE FIRE?

Disaster Reported in Mexico Colliery.

Mexico City, May 14.—Ninety lives are reported lost in a fire which occurred in the Cornudas shaft of the Tenares group of mines in Velardena, state of Durango. The fire started Friday night in an abandoned shaft. There were 107 men working in another part of the mine, and from what can be learned at this time only seventeen of them escaped. Thirty-five bodies have been recovered, according to the latest reports. It is still feared that few others imprisoned will be found still alive. The shaft, in which the fire is still raging beyond control is one of a mine in a group of the largest copper producers in northern Mexico. The Guggenheim interests are said to own the property.

### STANDARD OIL TRIAL GOES OVER TILL JUNE

Meanwhile Decisions Are Expected That Will Expedite the Case.

Findlay, O., May 14.—The initial trial against the Standard Oil company of Ohio, which was to have been called before Judge Duncan yesterday morning was postponed until possibly the week beginning June 10.
